

# FabClean™ Green

**Professional grade and environmentally friendly, concentrated open weave fabric cleaner**

Designed to remove a broad range of soil from all open weave fabrics.

**Appearance and Odor:** A clear liquid with no added fragrance.

**Coverage:** Depending on the degree and type of soiling, method of application, concentration and environmental conditions, you may expect to clean approximately:

75 square feet per 32 oz. Ready to Use Spray; 125 square feet per 32 oz. Concentrate;  
500 square feet per Gallon

**Availability:** 32 oz. Ready to Use Spray, 32 oz. Concentrate, Gallon, 5-Gallon Pail, 55-Gallon Drum

**Applications:** **FabClean Green**, a cleaner for outdoor open weave fabrics such as awnings, boat tops, covers and enclosures, and outdoor furniture cushions. Can be used for general maintenance and heavily soiled conditions.

**Dilution and Use Directions:**

1. Prepare solution of **FabClean Green** in an appropriate hand pump sprayer at the rate of equal parts of **FabClean Green** and water (with the exception of the 32 oz. Ready to Use Spray).
2. Rinse surface with water to remove loose soil.
3. Spray the mixture of **FabClean Green** on one section at a time; allow to set for a few moments. Do not let solution dry on fabric.
4. Agitate the surface with a soft bristle brush.
5. Rinse thoroughly. Repeat if necessary.

**Important:** When fabric is dry, apply a protective coating of **APCO Apsal** or **APCO Apsal Pro** to add water repellency and help shield from environmental exposure, reduce soiling and inhibit mildew growth.

**Safety/Precautions:** **FabClean Green** is earth and user friendly, biodegradable and contains no butyl. To certain sensitive individuals however, skin or eye irritation may exist with exposure. Care should be taken to keep this and all chemicals out of eyes and off skin. See SDS for other precautions and first aid. No GHS phrases apply. Protect from freezing. Rotate stock regularly. Keep out of reach of children. Best if used above 45°.
